ABOUT US

Welcome to Globalspec Middle East, a premier division of the GPT Group (Global Phone Technology) headquartered in the Sultanate of Oman. As a distinguished business conglomerate, GPT Group has diversified interests spanning various sectors including telecom, online services, fashion retail, beauty care, and hospitality. With a keen understanding of distribution dynamics in emerging markets such as the UAE, Oman, India, and other GCC countries, GPT Group has flourished exponentially.

Our Specializations:

We specialize in providing top-tier solutions in architectural hardware, decorative residential hardware, life safety and panic hardware, electronic access controls, electronic hotel locking systems, remote-controlled door security systems, fittings for the physically challenged, furniture/cabinet fittings, sliding/folding door systems, and revolving automatic entrance doors.

Consultancy Services:

One of our primary offerings is consultancy services tailored to clients and consultants during the tender document preparation phase. We provide expert guidance on ironmongery specifications, hardware schedules for doors, master key systems, and the selection of door hardware customized to meet the unique requirements of each project. Moreover, we offer assistance with compliance requirements and comparisons for fire safety standards such as BS, NFPA, and Civil Defense. Our team also extends invaluable installation advice on complex hardware solutions, including electromagnetic locks, access control, and security systems.

Renowned Brands:

Our esteemed portfolio proudly showcases an extensive range of renowned brands, including ASSA ABLOY, ALLEGION, DORMA, CONSORT, EURO SPEC, TESA, MERIT, UDP, D-LINE, GEZE, YALE, ENTRA, HAGER, UNION, DEVON, MANDELLI, ISEO, GLOBAL, DORSET, GODREJ, OZONE, MAB, HIK VISION, and many others.

Commitment to Excellence:

At Globalspec Middle East, we are dedicated to providing the finest door hardware sourced from around the globe, seamlessly blending exceptional quality with competitive pricing. Our product portfolio extends beyond door hardware to encompass door automation, CCTV cameras, and ELV (Extra Low Voltage) solutions.

Our offerings are further strengthened by a proficient team of professional experts in project management, ensuring seamless execution and customer satisfaction.

FOUNDER

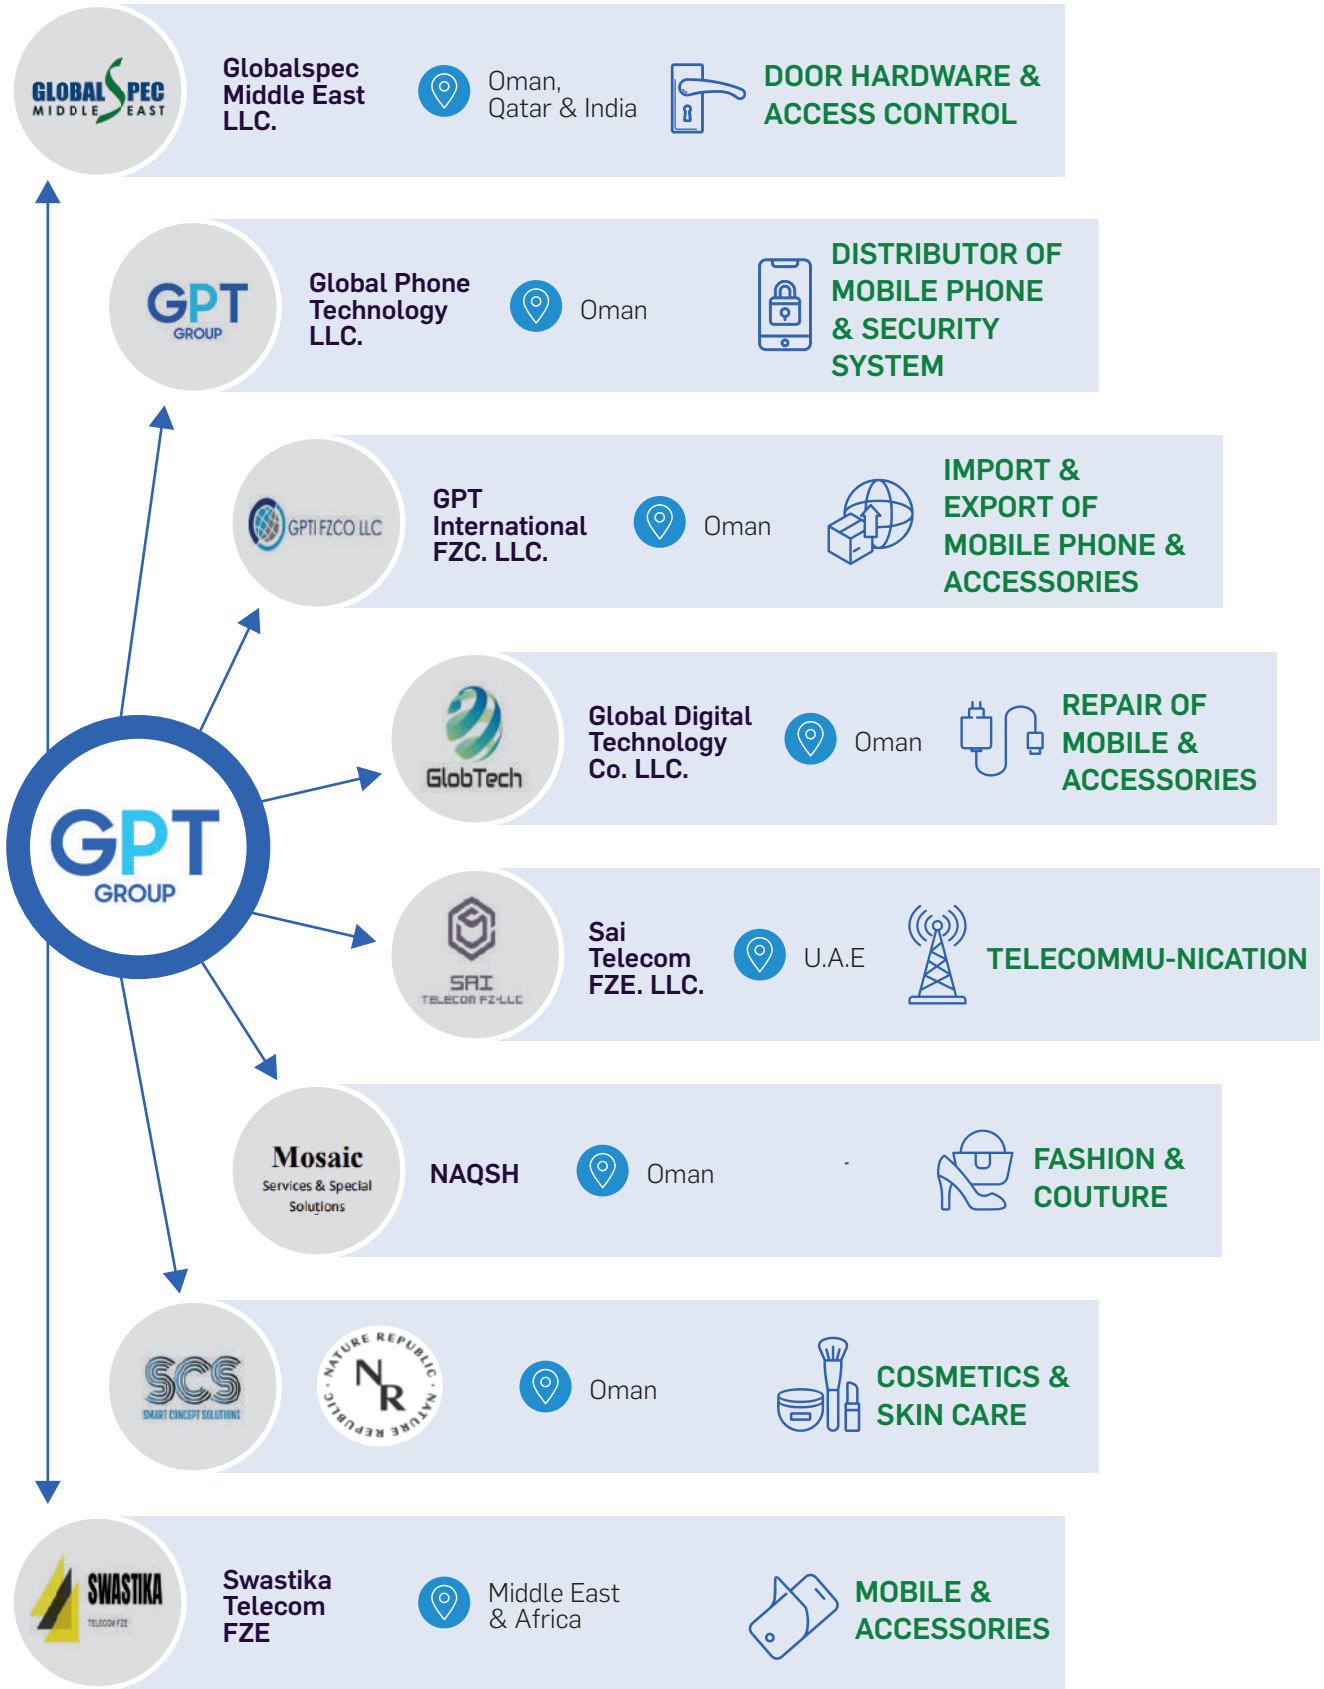

Pradeep Tripathi

Founder & Chairman

A young, dynamic and enterprising technocrat entrepreneur, **Mr. Tripathi** who started **GPT Group** is a 20yrs+ veteran of the Telecom industry in the Middle East.

Mr. Tripathi has been instrumental in setting up distribution of major brands like Nokia, Samsung, Apple, Huawei, BlackBerry, Vivo, Sony and HIK Vision across Oman, UAE, India & other GCC countries. He expanded the GPT Group in other business verticals covering Online, Beauty care, Fashion retail, Hospitality and Architectural Hardware business. His expertise is in leading start-ups that can pave the new way of distribution, meeting the demands of the next generation of consumers at the same time meeting the objectives of the Partners and GPT Group.
